WHY ADOPT A CAT?

- 1) Cats are independent and can fit into ANY lifestyle.
- 2) A compact companion to keep your lap nice and warm over the winter!
- 3) They come HOUSETRAINED!!!
- 4) Mouse problem? NO PROBLEM!!
- 5) Your animal comes up-to-date on all vet care including spay/neuter, saving you hundreds of dollars in vet bills from a "free" cat.
- 6) You're saving a life: Approximately 1.4 million cats are euthanized every year! Your one adoption can open a space in our NO KILL SHELTER for an animal in need of protection.
- 7) They will save you too! You've never known love until you've loved a "rescue"!
